

Week B (Mar 8 - Mar 19)

Key Activities & Assignments:

- **Jennifer Sika** worked on the **paper** and completed most sections but needed help finishing the **Discussion (Implications for modern lending, Mitigation Strategies) and Limitations & Future Work** sections.
- **Himani Patel** was assigned to **finish the remaining sections** of the paper and upload her Colab notebook.
- **Harper Kates** requested access to Jennifer's **GitHub repository** and helped with the data visualization.
- **The team discussed grading issues** from **Module 3** to avoid similar mistakes in **Module 4**.
- **Harper Kates** had trouble loading the **Ramsey County dataset**, but Jennifer confirmed the professor **removed that requirement** due to technical issues.
- **Final submission responsibilities were discussed**, with Jennifer expressing concerns about previous submission errors and suggesting another member submit this time.

Challenges Identified & Solutions:

Challenge	Person Responsible	Solution Implemented
Completing missing sections of the paper	Himani Patel	Agreed to finalize the last two sections.
GitHub access issues	Harper Kates	Jennifer shared the link and ensured proper access.
Dataset loading issues (Ramsey County)	Harper Kates	Jennifer confirmed it was no longer required.
Final submission concerns	Team	Decided another member should handle submission.

Next Steps:

- ✓ **Himani Patel** to finalize **Discussion & Future Work** sections.
- ✓ **Harper Kates** to review and integrate **visualizations** into the document.
- ✓ **Jennifer Sika** to confirm all **files and links** are correctly uploaded.
- ✓ **One member to submit** the final report after review.
